Title: Jeevan Vikas Mahavidyalaya Hosts Three-Day Online FDP on Modern Tools of ICT and File Keeping

Date: December 14, 2020

Location: Devgram, Tah. Narkhed, Dist. Nagpur-441301 (Maharashtra)

Jeevan Vikas Mahavidyalaya, a premier institution in Devgram, successfully organized a three-day online Faculty Development Programme (FDP) for non-teaching staff from December 10 to 13, 2020. The programme focused on "Modern Tools of ICT and File Keeping," aiming to enhance the technological skills and file management capabilities of the participants.

The sessions were held from 10:00 AM to 1:00 PM daily, providing comprehensive training on various aspects of ICT tools and techniques. The event was chaired by Dr. Devendra Bhongade, Principal of Jeevan Vikas Mahavidyalaya, with Dr. Mangesh Acharya, IQAC Coordinator, and Dr. Pranali Ingole, FDP Coordinator, overseeing the programme.

Resource Persons:

- Miss Shital Raut, Devgram
- Dr. Devendra Kale, Warud
- Mr. Rushikesh Lavhale, Warud

The resource persons delivered insightful sessions on the use of modern ICT tools, advanced applications, and effective file keeping techniques. Their expertise and interactive teaching methods were highly appreciated by the participants.

Dr. Devendra Bhongade, in his opening remarks, emphasized the importance of ICT proficiency in today's educational environment. He highlighted the necessity of continuous learning and adaptation to new technologies for non-teaching staff to ensure efficient institutional operations.

Dr. Mangesh Acharya discussed the role of IQAC in promoting quality assurance and improvement in educational institutions. He stressed the need for regular training programmes to keep the staff updated with the latest advancements in technology and administrative practices.

Dr. Pranali Ingole expressed her gratitude to the resource persons and participants for their enthusiastic involvement in the FDP. She mentioned that such programmes are crucial for the professional development of non-teaching staff and contribute significantly to the overall growth of the institution.

The participants, comprising administrative and support staff from various departments, actively engaged in the sessions and appreciated the practical knowledge imparted by the resource persons. They expressed their satisfaction with the content and delivery of the programme and requested more such training sessions in the future.

The three-day FDP concluded with a feedback session, where participants shared their experiences and provided valuable suggestions for future programmes. Certificates of participation were awarded to all attendees.

Jeevan Vikas Mahavidyalaya remains committed to fostering a culture of continuous improvement and professional development among its staff, ensuring the highest standards of efficiency and effectiveness in its operations.

Three-Day Faculty Development Programme on "How to Use Excel" Successfully Conducted at Jeevan Vikas Mahavidyalaya

Devgram, Tah. Narkhed, Dist. Nagpur-441301 (Maharashtra), January 12-15, 2022 – Jeevan Vikas Mahavidyalaya (JVMD) successfully conducted a highly engaging and informative Three-Day Faculty Development Programme (FDP) on "How to Use Excel" from January 12 to 15, 2022. The programme aimed at enhancing the digital proficiency of faculty members in using Microsoft Excel for academic and administrative purposes.

Inaugural Session The FDP was inaugurated by the esteemed Chairperson, Dr. Devendra Bhongade, Principal of JVMD. In his opening remarks, Dr. Bhongade emphasized the importance of digital literacy and the role of Excel in streamlining various academic and research activities.

Programme Coordinators The programme was meticulously coordinated by Dr. Mangesh Acharya, IQAC Coordinator, and Dr. Pranali Ingole, FDP Coordinator. Both coordinators ensured a seamless execution of the sessions, addressing any queries and providing support to the participants.

Resource Persons The sessions were conducted by a panel of expert resource persons:

- **Miss Shital Raut:** An expert in data analysis and visualization, who introduced participants to the basic and advanced features of Excel.
- **Dr. Devendra Kale:** A seasoned academician, who demonstrated practical applications of Excel in academic research.
- **Dr. Kalyanee Thakre:** A faculty member at JVMD, who focused on the use of Excel for administrative tasks and data management.

Programme Highlights Over the course of three days, participants were engaged in hands-on training sessions covering a range of topics including:

- Basic and Advanced Excel Functions
- Data Analysis and Visualization
- Using Excel for Research Data Management
- Practical Applications of Excel in Academic and Administrative Work

Feedback and Closing Ceremony The FDP concluded with a feedback session where participants expressed their satisfaction and appreciation for the comprehensive coverage of topics and the expertise of the resource persons. The closing ceremony featured remarks from Dr. Mangesh Acharya and Dr. Pranali Ingole, who thanked the participants for their active involvement and encouraged them to apply the skills learned in their professional work.

Webinar Report Organized By IQAC SESSION 2019 – 2020

A Seminar Report On The Use Of ICT In The Teaching-Learning Process During The COVID-19 Pandemic:

- **Title: Leveraging ICT for Effective Teaching-Learning During the COVID-19 Pandemic**
- **Introduction:**

The COVID-19 pandemic has significantly impacted the education sector, necessitating a shift to online learning. ICT (Information and Communication Technology) has emerged as a vital tool in ensuring continuity of the teaching-learning process.
- **Key Points:**
 1. Online platforms and digital resources have enabled remote learning, reducing the risk of in-person transmission.
 2. ICT tools like video conferencing software, learning management systems, and mobile apps have facilitated virtual classrooms and access to educational content.
 3. Digital resources like e-books, online libraries, and educational websites have supplemented traditional learning materials.
 4. ICT has enabled real-time feedback, assessment, and monitoring of student progress.
- **Benefits:**

1. Increased accessibility and flexibility in learning
2. Enhanced student engagement and motivation
3. Improved communication and collaboration between teachers, students, and parents
4. Reduced costs and environmental impact

▪ **Challenges:**

1. Limited internet access and digital literacy in some areas
2. Technical issues and infrastructure constraints
3. Ensuring equity and inclusivity in access to ICT tools and resources

▪ **Recommendations:**

1. Invest in ICT infrastructure and digital resource development
2. Provide training and support for teachers and students
3. Ensure equitable access to ICT tools and resources
4. Continuously monitor and evaluate the effectiveness of ICT integration

▪ **Conclusion:**

The strategic use of ICT has mitigated the disruption caused by the pandemic, ensuring the continuity of the teaching-learning process. By addressing the challenges and leveraging the benefits, we can harness the potential of ICT to create a more resilient and effective education system.

Invitation

All the participants and stakeholders of higher educational institutions and universities from all over India are cordially invited to participate in Two-day Online National Faculty Development Programme on May 19-20, 2020 on "*The Use of ICT IN Teaching-Learning Process*", organized by IQAC of Jeevan Vikas Mahavidyalaya, Devgram, Dist. Nagpur (Maharashtra) affiliated to Rashtrasant Tukadoji Maharaj Nagpur University.

About the College

Jeevan Vikas Mahavidyalaya, Devgram is run by the society, "Antyoday Mission", established by Hon'ble Dr. Bhausaheb Bhoge in 1972. The college was started in 1996 with mere 40 students in Arts faculty and now it has Arts, Commerce, Science & B.Voc faculties including PG Courses serving more than 1000 students under the guidance of Dr. Devendra S. Bhongade, Principal. It is constantly marching in all fronts bringing laurels at state and national level. It is the matter of great proud that at present thirteen subjects at under-graduate and MA in English, Marathi, Economics at Post Graduate level are efficiently enhancing the profile of the college. UGC sponsored skill-based B.Voc. Degree Programme in four subjects; Community College in three subjects and few Self-finance courses opened many new career avenues for the students augmenting the aura of the institution. The college has proud feel to have Permanent Affiliation; 2(f) & 12(B); ISO 9001: 2015 Certification, NIRF Participation and accreditation by NAAC in Cycle-II with 'B++' Grade (CGPA 2.93). Apart from these YCMOU courses affiliated to Nashik Deemed University; Career Oriented Courses, CLL and NSS are available for the overall development of the students.

Concept Note

Faculty members need to be prepared enough by some sort of a faculty development program (FDP) in order to deal with the rapid changes and shifting paradigms in academic education and teaching-learning environment.

Without such training, teaching is often reduced to instructors presenting their understanding of the subject by one-way lecturing. The use of ICT in teaching-learning process is a relatively new phenomenon and it has been the educational researchers' focus. The effective integration of this technology into classroom practices poses a challenge to teachers and administrators. e-learning, e-communication, quick access to information, online student-registration, online-advertisement reduced burden of keeping hardcopy, networking with resourceful persons, etc. However, the presence of all these factors increases the chance of excellent integration of ICT in teaching-learning process. Therefore, the training of teaching staff in the pedagogical issues and administrators in administration should be increased if teachers and administrators are to be convinced of the value of using ICT in their teaching-learning process. In this context, this topic the Use of ICT in Teaching-Learning Process would serve a great purpose to society.

Objectives of FDP

The following are the objectives of Faculty Development Programme:

- To manage multiple roles and new responsibilities.
- To integrate technology into teaching, learning, and research.
- To master new computer-based educational programs
- To enhance ICT based leadership and management proficiency.

DEPARTMENT OF COMPUTER SCIENCE

Vision:-

- The vision of the department is to move towards excellence in higher education in order to achieve a just, plural and society in consonance with the constitutional values.
- To create the most conducive environment for quality academic and research oriented undergraduate and postgraduate education in computer science and engineering and prepare the students for a globalised technological society and orient them towards serving the society.

Mission:-

- To impart high quality professional training at the undergraduate level with an emphasis on basic principles of computer science.
- To establish nationally and internationally recognized research centres and expose the students to broad research experience.
- To impart moral and ethical values, and interpersonal skills to the students.
- To empower the students with the required skills to solve the complex technological problems of modern society and also provide them with a framework for promoting collaborative and multidisciplinary activities

Aim:-

The goal of the computer and information science department is to prepare students for graduate training in some specialised area of computer science, to prepare students for job in industry, business or government, and to provide support courses for students in engineering, mathematics and other fields requiring computing skills.

Objective:-

- After successful completion of a master in computer and information sciences, students will be able to:
- Demonstrate proficiency in problem solving techniques using the computer
- Demonstrate proficiency in at least two high level programming languages and two operating systems.
- Demonstrate proficiency in the analysis of complex problems and the synthesis of solutions to those problems.

- Demonstrate comprehension of modern software engineering principles.
- Demonstrate a breadth and depth of knowledge in the discipline of computer science.

Future and career:-

In India computer science engineering is the most demanding field. It involves jobs in software development, web designing, software testing and much more. Programming in today's world has been stretched even further into other fields like mechanical and electronics and hence, its demands have been increasing. The advent of robotics and artificial intelligence too has given boost to the demand and scope of placements in CSE.

Scope:-

Scope of Placements in Computer Science	
Web Developers	Software Developers
Hardware Engineers	Software Compliance
Software Testing	Database Analysts (SQL)
System Analysts or System Engineers	Security Analysts
Business System Analyst	CRM System Analysts
Database Developer	Mobile Application Developer
Project Manager	Information Technology Manager
Manager, Software Quality Assurance	Data Architect

SWOC ANALYSIS

STRENGTH

- Well-equipped library with sufficient number of books
- Well-equipped lab.
- Excellent teaching learning environment.
- Department is working on outcome base teaching-learning process.

WEAKNESS

- Poor communication skill in both verbal and non-verbal
- The majority of the students come from poor-economic background so they don't spend more expenditure on science field education.
- Lack of awareness about science and advance technologies.
- Need to involve more graduate students in research.
- Few internal seminars and special presentations.

CHALLENGES

- Attracting qualitative students because more number of courses available in our nearby area.

Workshop - MS-Excel and Canova App Tutorial

- ✚ TITLE OF BEST PRACTICE: Workshop
- ✚ Topic/Themes : MS-Excel and Canova App Tutorial
- ✚ Date & Time : Friday, 18/11/2023. 1:30 pm
- ✚ Place : Smart classroom, JVM, Devgram.
- ✚ Aim : To train teacher for basic working of Ms-excel tools and banner making
- ✚ Guests
 - Chairperson : Dr. Devendra Bhongade
 - Chief guest : Dr. Raju Shrirame
 - Introductory : Dr. Pravin Gharpure
 - Anchoring : Pranali Ingole
 - Vote of Thanks : Pranali Ingole
- ✚ Participants/Beneficiaries : Teachers
- ✚ Outcome : Clear the concept about basic features of MS excel. Teacher learns to make banner by using Canova app.
- ✚ Organized by : Department of Computer Science
- ✚ Main points of the program : Main motive of this program is to train teacher in basic working of excel. Excel make teacher perfect in storing their information. Also, student's data can be maintained very easily. It also improves quality of work. Also, teachers are able to make banner of their own programs if they learn the basic skills of Canova banner making app.
