BEST PRACTICE-1

CAP (Career, Academic & Physical) Building Project

Best Practice: 1

CAP (Career, Academic & Physical) Building Project for Students

A. Title of the Practice

CAP (Career, Academic & Physical) Building Project

B. Goal

To make career, academic and physical development of the students so that they should become ideal citizens by imbibing moral values.

C. The Practice

The college started CAP project with the help of society by keeping in mind the Vision and Mission of the institution.

Need of the Practice

To make overall development of the students to earn his livelihood and to make the responsible citizen of the country.

In this project, seven wings are formed as-

1. Career Academy
2. Sport Academy
3. CERT (Central Education Research & Training)
4. Beautification & Maintenance
5. Extension Services
6. Village Building
7. Alumni Welfare.

For character, academic and physical building of students houses are created which contribute for students' all-round development. In each wing, individual coordinator is appointed who gives motivation to the faculty and students which helps to improve their performance. An evaluation scale has been made for measuring the performance of each wing. After every month, principal of the college takes review of these coordinators and give suggestions from time to time. Through this project regular evaluation of the faculty and students is carried out. Separate data is maintained by these wings related to teachers' action plan, action plan of sport teacher, students' performance, teacher's evaluation, analysis of teachers' evaluation report etc. The principal with the help of project director and coordinators give remedial suggestions whenever required to the concerned teacher and for student's point of view regarding teaching methods. Action plans for teachers are made where focus is given on self-up gradation of the teachers in terms of teaching skills and their routine work. Similarly, these wings prepare Action Plan for students for their overall development.

The details of wings are as follows-

1. Career Academy

This wing works on career building of the students in various fields. The students are selected on the basis of their interest and accordingly they are aligned to the related academy. After

joining the Wing, these students are guided according to their interest & capability and efforts are taken for students' career planning. By considering the need of soft skills for their bright career, students are encouraged to take part in various skill-oriented activities, cultural activities, oratory competitions, drafting, proof-reading, carpentry, police-training; banking and other competitive examinations etc.

2. Sports Academy

The objective of this academy is to maintain good health and prepare students for job opportunities through sports quota in government and various non-government organizations. As per the interest of the student, he/she is inducted in sports academy. This academy conducts activities for the preparation of students in pre-police training; military; para-military forces etc.; also regularly organizes various sports such as Kabaddi, Kho-Kho, Volley-ball, Tennis, Athletics, Cricket, Mal-khamb, Weight- lifting, Karate, Yoga etc. The students are also participated in university, zonal, state and national level sports including club activities according to their interest & capability.

3. CERT Academy

The wing of Central Educational Research & Training (CERT) is the third wing of the project formed to improve teaching-learning quality of the institution. The wing works for academics, research and training point of view of the students. More focus is given on continuous evaluation of the students. The concerned In-charge teacher in consultation with the coordinator prepares planning and carries it out throughout the academic session and maintains related records in various formats. The Principal through Project Director frequently monitor their activities. Slow learners and advanced learners are counseled and guided properly to achieve their target. At the end of the session, it is observed that there is a noticeable change in the academic progress of the students and the same is reported to their parents through mentors.

4. Beautification & Maintenance

The aim of this wing is to maintain green, clean and healthy campus. In the beginning of the session, this wing prepares its planning and budget required for the said purpose and then continuously carries activities related to beautification and maintenance. This wing is important for its contribution for charming campus. This wing take care of activities related to green campus garden, nursery, mountain, different species of plants with the participation of students and teachers. It also cooperates in organizing activities for go-green, ban on plastic, noise and pollution-free campus; checks on dust-bins at important places. Many a times, the students of NSS help in this wing.

5. Extension Services

The objective of this wing is to carry out extension activities for healthy society with the help of students, staff and other stakeholders in the community to disseminate knowledge and technology to the public, particularly in areas such as agriculture, community development, health, and nutrition. These services aim to improve practices, increase productivity, and enhance the quality of life in communities. The wing organizes various extension activities to inculcate among students the sense of social responsibility. These extension activities help to make villagers aware about social problems such as malnutrition, situational disease. This wing

also conducts awareness rally with the participation of students, teachers and villagers. The activities of this wing focus on teaching farmers about new farming techniques, pest control, soil management, and sustainable agriculture practices. It often includes demonstrations, workshops, and one-on-one consultations. It also provides information and training on health care practices, nutrition, disease prevention, and healthy lifestyle choices through workshops, health camps and educational materials. Focus is also on promoting sustainable environmental practices and conservation efforts through education and community projects through NSS students. Many a times, the wing helps to bridge the gap between research and practical application by making scientific knowledge and new technologies accessible to the public through science exhibitions and melas. Extension services are often delivered to identify needs and provide relevant training and resources.

6. Village Building

The aim of this wing is to work and prepare for healthy and strong community which is the need of the hour. Under this wing, the College has adopted village Devgram, the nearest community under focus and carried out various healthy practices for its overall development with the help of students, staff, parents and gram-panchayat members. For this purpose, we have formed ward-wise eleven 'Seva-mandals. Each seva-mandal is geared-up with one employee who acts as a Coordinator. The Coordinator with the help of all the stakeholders regularly organizes meeting and plan for action to be taken considering the views of senior citizens and gram-panchayat. All the coordinators communicate to Project Co-coordinator and thus the institution has established a rapport with the community. The teachers and NSS students have always an active role in this activity apart from other stakeholders in the community.

7. Alumni Welfare

The aim of the wing is to organize different programs for the alumni so that they can maintain their bond (relation) with college. The reputed alumni who have their names in the various fields come to the college to guide the students and to provide assistance in terms of finance, intellectual resources and directions for better performance in their fields. Many programs are conducted recently in the college.

D. Evidence of Success:

This practice proved very fruitful to us. The faculty of the college started upgrading their teaching-learning process making use of ICT (PPTs) in class room teaching. Every faculty members purchased his own laptop and prepared PPTs of different topics for upgrading the teaching method. It has positive impact on student performance. Some students of the college secured rank in university merit list. Competitive examinations are cracked by our students. Some students are able to win prizes in competitions organized by college and also university. The students of the college are excelling in various examinations. Number of students securing first class has increased. Most of the students became self-explanatory. Grasping of slow-learner are increased. Students take more interest in teaching –learning process. Maximum number of students is participating in games and sports at district, state, national level. Some students are able to win prizes in sport competitions organized by college and also university. The sports culture seems generating. The campus has also enriched.

E. Problems Encountered and Resources Required:

In the beginning, the college had to prepare faculty from this point of view. But their commitment and dedication materialized this work of great importance. Sometimes faculty had to devote extra time apart from regular college timing but the faculty adjusted all these. The extra resources required for this purpose was made available by the college with the help of management. It was possible because of visionary leadership of principal, management's support, committed faculties and inspired students.

ACTION TAKEN REPORT OF **BEST PRACTICE-“CAREER, ACADEMIC & PHYSICAL BUILDING” (CAP)** **PROJECT** **(2019-2024)**

PROJECT OVERVIEW:

The **Career, Academic & Physical (CAP) Building Project** at Antyoday Mahavidyalaya, Devgram, was initiated to foster comprehensive student development. The project aimed to provide structured opportunities for career advancement, academic enrichment, and physical well-being, ultimately shaping students into responsible and value-driven citizens. Over five years, the institution established seven dedicated wings, each with specific objectives aligned with the institution’s vision and mission.

PROJECT TIMELINE:

Duration: 2019-2020 to 2023-2024

FORMATION OF SEVEN WINGS:

1. **Career Academy:** Focused on career-building activities, aligning students with suitable fields based on individual interests.
2. **Sport Academy:** Encouraged students to participate in sports, promoting health and creating pathways for career opportunities through sports.
3. **CERT (Central Education Research & Training):** Aimed to enhance the quality of teaching and learning through research and training.
4. **Beautification & Maintenance:** Ensured a clean, green, and healthy campus environment.
5. **Extension Services:** Engaged students in community service and extension activities.
6. **Village Building:** Focused on fostering community development through structured village-building activities.
7. **Alumni Welfare:** Maintained connections with alumni through various programs, ensuring their continued engagement with the institution.

ACTION TAKEN AND OUTCOMES

(From 2019-2020 to 2023-2024)

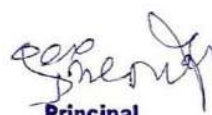

Nature of Activity	Outcomes
Formation of Seven Wings: Coordinated establishment of the seven wings to address CAP objectives.	All seven wings effectively structured and functional, catering to different areas of student development.
Assigning Responsibility to Individual Coordinators: Each wing assigned a dedicated coordinator for focused leadership.	Coordinated implementation of activities and streamlined communication across all wings.
Formation of Road-Map for Each Wing: Coordinators created detailed plans and goals for their respective wings.	Each wing followed a structured plan, enabling systematic and measurable progress.
Preparation of Proforma and Evaluation Scales for Students and Staff: Developed tools to monitor progress and evaluate impact.	Established metrics provided a clear evaluation of student and staff growth over time.
Organization of Faculty Development Programs (FDPs): FDPs held to align faculty with project goals and methodologies.	Faculty equipped with skills for effective implementation, enhancing teaching quality and student engagement.
Various Programs for Student Upgradation: Organized career guidance sessions, academic workshops, sports activities, etc.	Students exhibited increased participation, skill improvement, and academic success, fulfilling CAP objectives.
Review Meetings with Coordinators: Regular meetings held to review progress and address challenges.	Timely reviews allowed for adaptive management and continuous improvement in wing activities.
Analysis of Proforma and Evaluation Scales: Collected data regularly reviewed for evaluating performance.	Provided insights into growth trends and identified areas for further development.
Checking Incremental Growth in All Parameters: Monitored progress across career,	Demonstrated consistent improvement in student and staff performance, contributing

academic, and physical growth parameters.	to holistic development.
Success Reflected in Academic Results: Observable success measured through enhanced academic outcomes and participation.	Improved student results and engagement across disciplines, confirming the effectiveness of the CAP Building Project.

The **Career, Academic & Physical (CAP) Building Project** has been a transformative initiative at Antyoday Mahavidyalaya, Devgram. Over five years, the structured approach led to measurable improvements across key parameters of student development. With each wing actively engaging students, staff, and the community, the project succeeded in creating an enriched educational environment conducive to both academic and personal growth. Regular assessments and faculty development initiatives provided crucial support for sustained progress, making the CAP Building Project a valuable model for future development efforts.

Suggestions for Teachers

1. The Teachers in SUPER Grade are advised to keep up their performance and try to acquire innovative concepts in Teaching-Learning process for the benefit of the Students.
2. The Teachers in SUPER Grade should focus more on student-oriented research involving them in project/ research work.
3. Extra efforts for advanced learners be taken by the Teachers in SUPER Grade to bring maximum students in excel category.
4. Teachers in UPPER Grade should try to achieve super Grade.
5. Efforts be taken by the Teachers of UPPER Grade that they would overcome their loopholes devoting extra hours of teaching.
6. It is advised that the Teacher would follow innovative teaching methods while in class.
7. Maximum exposure to the students related to the subject be given through presentation.
8. It is expected that every teacher will use their own laptop during T-L Process while in the campus.
9. Apart from Teaching-Learning process, the teacher should complete Faculty Development Programmes as and when required for up-gradation.

10. The Teachers in SUPER Grade should go for the publication of books, patents etc.

11. The Teachers in UPPER Grade should participate in research related activities.

BEST PRACTICE-2

ADOPTION OF VILLAGE DEVGRAM

Best Practice: 2

Adoption of Village DEVGRAM under “Gram Dattak Yojana”

A. Title of the Practice

Adoption of Village Devgram by the Institution

B. Goal

To make the village ideal and prepare a role model for others by giving the message that an educational institution can make villages ideal which is the need of the hour.

C. The Practice

The aim of this wing is to work and prepare for healthy and strong community adopting one village and set an example as a role model that an educational institution can make ideal village which is the need of the hour. Under this practice, the College has adopted village Devgram, the nearest community under focus and carried out various healthy practices for its overall development with the help of students, staff, parents and gram-panchayat members. The institution decided to adopt village Devgram in a formal Programme at Lord Mannatheshwar Temple on 1st January 2018 in presence of all the stakeholders of society (i.e. employees, students, citizens and grampanchyat members) and pledged to make it ideal on the path Popatrao Pawar’s Hiwari Bazar and Anna Hajare’s Raneganj Siddhi in Maharashtra. The work is based on Rashtrasant Tukadoji Maharaj’s concept “Gram Unnati”.

Need of the Practice

It is the need of an hour to make every village an ideal one. Unless village becomes ideal, nation cannot become ideal and strong. By doing so, the mentality of every villager would become ideal and our mother land would then become Ramrajya where there will be no bias among the people, no classicism, no rift of poor and rich and all the poor will live respectfully and satisfactory life.

According to Rashtrasant Tukadoji Maharaj, *“The real work lies in the selfless service of our Gram, for that work together and plead to make it paradise.”*

For this purpose, a road map was prepared and decided to continue the practice till the attainment of goal.

Objectives:

1. To prepare villagers for making ideal village
2. To strengthen relationship among villagers considering ward/ village as a single family.
3. To work unitedly considering ward as a village.
4. To perform transparent role by the recognized leader.
5. To forget bias and take positive confirm decision.
6. To keep aside political gimmicks for the service of village and work hand-in-hand.
7. To systematically plan the road map and focus on priority work.
8. To implement government schemes related to village development.
9. To change the psychology that it is the responsibility of Gram Panchayat.
10. Formation of various committees for people’s participation.

For this practice, we have formed ward-wise eleven 'Seva- mandals' as-

- i) Gurudeo Panchayat;
- ii) Gurudeo Seva- mandal;
- iii) Gurudeo Jesta Nagrik Seva-mandal;
- iv) Gurudeo Mahila Mandal;
- v) Gurudeo Haritgram Mandal;
- vi) Gurudeo Gram-swachhata Mandal;
- vii) Gurudeo Nirogigram Seva-mandal;
- viii) Gurudeo Krushi Seva-mandal;
- ix) Gurudeo Dugdha va Pashupalan Seva-mandal;
- x) Gurudeo Vyasankmukti Seva mandal and
- xi) Gurudeo Tantamukti Seva-mandal).

The names of mandals (committees) begin with the word, *Gurudeo*. The idea behind it is that the person or student of any caste, creed or religion should think that it is my god. Gurudeo means ideals of all (invisible, no statue, no image). *Seva-mandal* means committees made for merely service and not for any profit or enjoyment motives. Also another word is *Sevak*. It means any member of the above committees. For any sevak/ member, work is more important than designation. Whether you are a President or Member of the committee, the nature of work for all is to work for the noble cause. All are sevak, doing service of the community. Hence, no bias due to position in the committee. All are same and that is the universal concept of Rashtrasant Tukadoji Maharaj, the Saint of Nation. Believing in our god, everyone has to participate and devote in the Programme.

Each seva-mandal is geared-up with one employee who acts as a Coordinator. The Coordinator with the help of all the stakeholders regularly organizes meeting and plan for action to be taken considering the views of senior citizens and gram-panchayat. Every individual of the village helps in this missionary work. The arrangement of the seva-mandals is so made that each member of the community gets participation in the committees and assumes some responsibility. The regular review of all the seva-mandals is taken by the Project Co-ordinator and he helps in monitoring and easy feasibility of work and activities by seva-mandals. All the co-ordinators communicate to Project Co-ordinator and thus the institution has established a rapport with the community. It helped the institution to create healthy relations and faith in the institution discharging social responsibility.

During the last five years, this wing has contributed a lot in making Devgram village, a sound and healthy community. This wing started evening community prayers in the community across people of

various caste and creed and religions for spiritual, social, and psychological benefits to individuals and communities; planted oxygen-producing trees at various vacant places, vacated many garbage heaped at front places, constructed cement stages around big trees in the colonies, organized training camps and workshops as per the need of villagers for counseling, counseled them about raising financial status and inspired them for organic farming and dairy productions; spread awareness about mass-marriage. The Self-help Groups are strengthened to align women to do livelihood activities that raised their income; few women are given training of sewing machine; frequently carried out rallies for counseling of villagers about addiction-free, liquor-free and discharge-free (Hagandari-mukt) village. Whenever needed, the women camps are specially organized to unite people for special motives. During these, the cleanliness of roads and temple places was the regular activity with the help students, NSS volunteers and community students. All these efforts helped the institution to create healthy relations and faith in the institution discharging social responsibility and satisfaction. Now the village has improved a lot in all aspects compared to previous scenario. The village has got prize in Nirmal-gram Yojana of government of Maharashtra; first prize of Rs. 10 lakh as the Best Village in Narkhed taluka by government of Maharashtra and now participated in state competition. In all this process, there is a lion's share of the College.

Outcomes

- **In the academic session 2018-2019 and 2019-2020:**
 - Formed ward-wise committees
 - Appointed Co-ordinators
 - Started preliminary work of Gram-safai, Community Prayer, Selection of garbage place in the village etc.
 - Started counselling of villagers regarding mis-use of water, inspired people to pay gram panchayat tax, organized prabodham Programme etc.

- **From the academic session 2020-2021 till 2022-2023:**
 - Strengthened contact with ward coordinators
 - Organized meetings to know the problems in the ward.
 - With the help of students, ward-people and gram panchayat members carried out plantation of trees in the open space and on road side.
 - Made concret work of construction of stone round platforms around the trees in the market yard for beautification.
 - Involved more people in the community prayer for peace in the community.
 - Organized health check-up and blood donation camps
 - Tried to strengthen Self Help Groups.
 - Started religious Programme to maintain harmony in the village
 - Organized training programmes for people through PAANI Foundation
 - Organized counselling programmes for villagers.
 - Carried out rallies for cleanliness and discharge-free village.
 - Helped to minimize quarrels in the community
 - The percentage of police complaints is minimized.
 - Started Gram Bhushan Award to the villagers to take inspiration to others.

D. Evidence of Success:

The adoption of a village by any educational institution is a missionary work which cannot be made obligatory to any employees unless there is a sense of devotion and commitment among the employees for community. The institution has succeeded in overcoming this and started working in the community. The appreciation by Devgram Gram-panchayat and by Shivaba Smarak Samiti is the receipt of this work. These appreciation certificates are attached as a proof. On the demand of local people, the name of village Thugaondeo changed into Devgram which was first step towards village building. The government resolution regarding the change of village name is also given as a proof. There is a lion's share of the Institution in changing the name of the village. Because of this we are able to win the trust of villagers. We have *photographs* of various meetings of seva-mandals, programmes and meetings with government officers regarding counselling of villagers, counselling about agriculture, community prayer, gram-swachhata, shibirs etc. taken at different occasions. The same can be checked by *direct talking with the villagers*. The employees for this sake regularly devote extra hours in the community apart from duty hours as per the responsibility assigned to them. Platforms are made around big trees in market area from scattered stones and cement work. Taking in consideration the health issues we prepared villagers to take resolution to use toilet regularly. Because of the collective contribution for the aim of village building, the sense of co-operation and social responsibility among villagers has increased. Now Devgram is Tanta Mukta Gaon (Dispute-free village). We cannot imagine village building without empowering women. We have taken lots of effort to empower village women also. Women workshops are regularly organized to motivate them about their empowerment and their vital role as a change agent in family & village building. Because of this number of Self Help Group has increased to 36 which were 6 earlier. Skilled Based courses are started in the institution. Most of the women started their own entrepreneurship such as making papad; incense-sticks; pickle-making, earthen-lamp making; dress-making etc. Many a times, these women through Self-Help Group arrange stalls in fairs, shibirs and melas for selling and advertisement purpose. The women contributed in the project of village building. The social, economic and educational scenario of the village is now drastically changed compared to last decade.

E. Problems Encountered and Resources Required:

In the beginning, few employees were reluctant to devote for this but in the course of time they realized the importance of this work. Sometimes the planned work was not completed within time and hence the enthusiasm among the people remained fluctuating. Many a time, the work of gram-panchayat lagged behind due to insufficient fund or revenue which aroused the feeling of unrest among the people and these in turn hamper the missionary work. Even though, efforts are made to make maximum participation of all the stakeholders. Small-small works were performed with the help of community counselling and collective labor. Any major issues that required finance was put forth and discussed in Gram Sabha in front of the villagers and remedy was found out. Majority of the stakeholders participated and helped in this activity.

REPORT FOR BEST PRACTICE-“VILLAGE BUILDING”

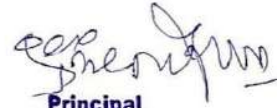

Antyoday Mahavidyalaya, Devgram, launched the Village Development and Community Building Initiative to actively support and guide village residents toward sustainable growth and social unity. Recognizing the need for cohesive action in rural development, the college has led the following activities:

1. **Building an Ideal Village:** The institution works with villagers to instill values that contribute to an ideal village environment, including mutual respect, cooperation, and prioritization of the collective good.
2. **Strengthening Relationships Among Villagers:** The initiative encourages villagers to view their ward or village as a single family unit, which strengthens community bonds and fosters a sense of shared responsibility.
3. **Fostering Unity in Wards:** By promoting collaboration within individual wards, the initiative helps communities unite under a common purpose, encouraging teamwork and a shared vision of progress.
4. **Encouraging Transparent Leadership:** The program emphasizes the importance of transparency and accountability among recognized leaders to build trust within the community and ensure effective governance.
5. **Eliminating Bias and Promoting Positive Decision-Making:** Villagers are encouraged to put aside personal biases and political differences, focusing instead on decisions that promote the welfare of the entire community.
6. **Minimizing Political Influence in Village Matters:** To enhance development, the initiative urges villagers to avoid political maneuvering, promoting instead a commitment to genuine, cooperative service.
7. **Systematic Planning and Prioritization:** By working with local leaders and villagers, the program helps create a structured roadmap for development that focuses on essential projects, ensuring that efforts are directed toward the village's most pressing needs.
8. **Implementation of Government Schemes:** The college assists villagers in understanding and implementing government schemes, maximizing the benefits of these initiatives for community development.

9. **Changing the Gram Panchayat Responsibility Mindset:** The program encourages villagers to see themselves as active contributors to village development, rather than solely relying on the Gram Panchayat.
10. **Formation of Committees for Participation:** Various committees are established to increase local participation and ensure that village members are directly involved in decision-making and development activities.

Meeting of village people with government officers to know government schemes

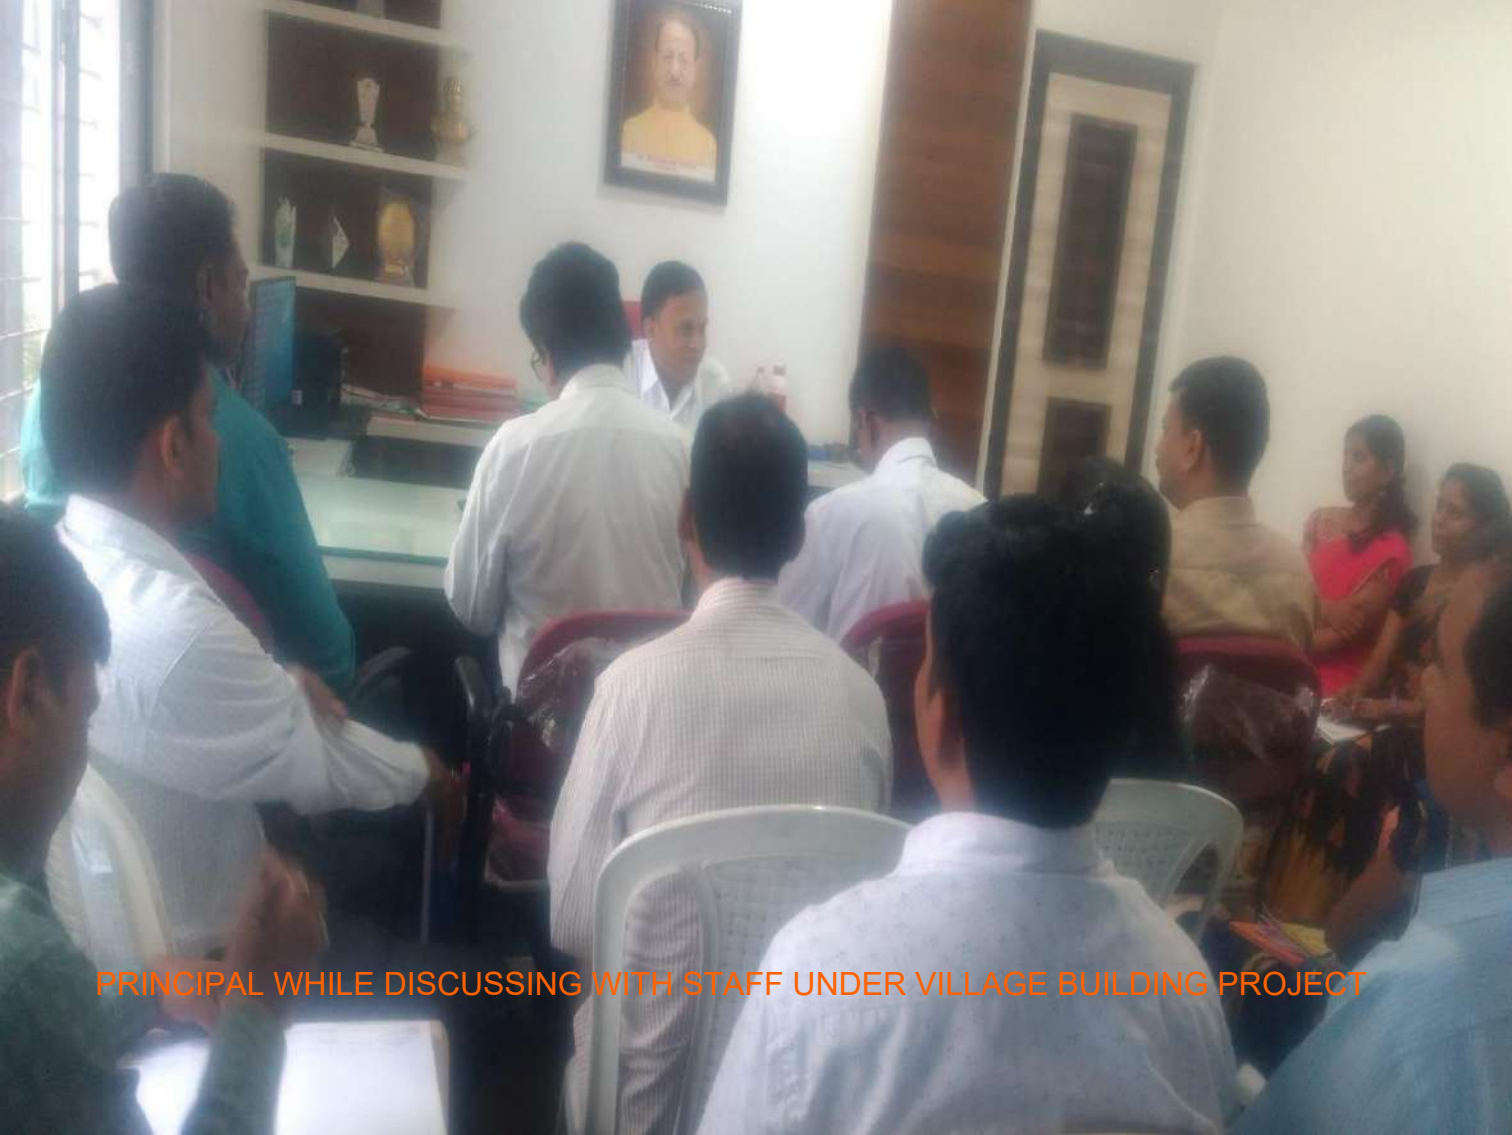

A group of approximately 15 people are sitting in a circle on a red carpeted floor. They are dressed in casual to semi-formal attire, including sweaters, jackets, and traditional Indian clothing like a shawl. The setting appears to be indoors, possibly a community hall or a meeting room, with some colorful banners or flags visible in the background. The lighting is somewhat dim, suggesting an evening or indoor setting with artificial light. The overall atmosphere is that of a formal or semi-formal meeting.

देवग्राम येथे १२० विधवा महिलांचा सन्मान विधवा महिलांना समाजात योग्य स्थान मिळावे

लोकमत न्यूज नेटवर्क
नरखेड : विधवा महिलांच्या बाबतीत अनेक कुप्रथा समाजात रूजल्या आहेत. अनेक समाजसुधारकांनी प्रबोधन करून अनेक प्रथा बंद पाडल्या, परंतु आजही समाजात विधवा महिलांबाबत प्रथा, परंपरा सुरु आहेत. हळदी-कुंकू सारख्या सामाजिक तसेच धार्मिक कार्यक्रमात त्यांना दुय्यम स्थान मिळते. त्यामुळे विधवांना समाजात योग्य स्थान मिळावे, असा सूर व्यक्त करीत मान्यवरांनी देवग्राम येथील विधवा महिला सन्मान सोहळा नवीन पायंडा असल्याचे सांगत या कार्यक्रमाची प्रशंसा केली.

विधवांना समाजात मान सन्मान मिळावा, या उद्देशाने देवग्राम (ता. नरखेड) येथील श्री शिववा स्मारक समितीने मकर संक्रांतीच्या पर्वावर १२० विधवा महिलांचा शाल व पुष्पगुच्छ देऊन सन्मान करण्यात आला. यावेळी शिवकला या क्रीडा प्रकरात जिल्हा व राज्यस्तरावर पुरस्कार मिळाल्याबद्दल धवल अनिल लाडे तसेच हिमांशु अनिल भोयर याची राज्यस्तरावर निवड झाल्याबद्दल त्यांचा सत्कार करण्यात आला.

कार्यक्रमाच्या अध्यक्षस्थानी जिल्हा परिषद अध्यक्ष मुक्ता कोकडे होत्या. याप्रसंगी जि. प. उपाध्यक्ष कुंदा राऊत, कृषी पशुसंवर्धन सभापती

सोहळ्यात विधवा महिलांचा सन्मान करताना जि. प. अध्यक्ष मुक्ता कोकडे, यावेळी उपस्थित जि.प. उपाध्यक्ष कुंदा राऊत, सलील देशमुख व मान्यवर.

प्रवीण जोध, जि. प. सदस्य सलील देशमुख, दीक्षा मुलताईकर, काटोल पंचायत समिती सभापती संजय डांगोरे, बंडू उमरकर, माया मुरोडिया, नीलिमा रेवतकर, पायल गेडेकर, देवेंद्र लोहे, महेंद्र वासाडे आदींची उपस्थिती होती.

विधवा महिलांना आजही समाजात अनेक सामाजिक, धार्मिक कार्यक्रमात दुय्यम दर्जाची बहिष्कृत वागणूक मिळते. मकर संक्रांतीच्या पर्वावर विधवा महिलांचा सन्मान पहिल्यांदाच होत आहे. त्यांना सन्मानाची वागणूक मिळण्याकरिता या कार्यक्रमापासून सुरुवात होईल, अशा नावीन्यपूर्ण कार्यक्रमाची उपस्थितांनी प्रशंसा करून आयोजकांचे कौतुक केले.

समितीचे अध्यक्ष सदानंद गिरडे यांनी प्रास्ताविकात सांगितले की,

दरवर्षी वेगवेगळे उपक्रम राबविले जातात. त्यापैकी विधवा सन्मान हा एक आहे. कोणत्याही चांगल्या कामाची सुरुवात स्वतःपासून करायला पाहिजे. वाढदिवसाच्या निमित्ताने दरवर्षी विधवा महिलांच्या हस्ते माझे औक्षण करून विधवा प्रथा बंद व्हायला हातभार लावेल, असेही ते म्हणाले.

कार्यक्रमाचे संचालन प्रा. प्रणाली इंगोले यांनी केले. आभार डॉ. योगेश सरोदे यांनी मानले. कार्यक्रमाच्या यशस्वितेसाठी हर्षा लोहे, गोविंदा सोनबरसे, कृष्णा डहाके, पवन पांगुळ, सुनीता गिरडे, लता कनेरे, योगिता लोहे, लता वासाडे, स्वप्नील गिरडे, प्रज्वल वासाडे, दिगांबर लोहे, अजय लोहे, डिंपल बारमासे, मंगला लोहे, कुंदा कांबळे आदींनी सहकार्य केले.
