## About the College

The roots of Antyoday Mission's Jeevan Vikas Mahavidyalaya run deep, which were sown by the philanthropist Dr.Bhausahab Bhoge, the founder of institution. From the own experiences of educational struggle, Dr.Bhausahab Bhoge realised that the unavailability of educational facilities and institution in rural area is the stumbling block in the prosperity of the people. This was precisely the driving force of the foundation of Jeevan Vikas Mahavidyalaya. In this region the main stay of the people of this is agriculture. In this situation the college plays vital role to cater the higher educational needs of the Antyodaya (socially and economically vulnerable), downtrodden and the studious students from the surrounding who are not able to migrate to big cities for their higher educational needs. The college is an educational hub that has all modern facilities and subjects which required for all-round development of students. Mahavidyalaya has now grown into a big

**Course Name-Animal Physiology**

**Introduction:**

Animal physiology is the scientific study of the life-supporting Properties, functions and processes of animals or their parts. The discipline covers key homeostatic processes, such as the regulation of temperature, blood flow and hormones. Animal physiology is an interesting field in the branch of biology. In general, physiology is the subject which deals with functional study of an organism from sub-cellular level to the organism as a whole. It describes the interactions of organism with the surrounding environment and its physiological adaptations to the particular environment and linking them to physical and chemical principle.

**1. CELL AND MOLECULAR PHYSIOLOGY**

Cell and molecular physiology deals with the physiological mechanism that occur at the cellular level and these affect the important consequences for the higher levels of organization.

**2. SYSTEM PHYSIOLOGY**

The physiology of the living organism can be divided into different systems such as respiratory system, digestive system, excretory system, nervous system etc. System physiologists concerns with

the physiological functioning of specific system in the organism. So the respiratory physiologists study about the respiratory system, Neurophysiologist concern with the nervous system, and so on.

### **3. ORGANISMAL PHYSIOLOGY**

Organismal physiology concern with the way an intact animal undertakes a specific process or behavior. For example, the research of an organismal physiologist concerns with the changes in animal metabolic rate in response to stressor, such as temperature.

### **4. ECOLOGICAL PHYSIOLOGY**

Ecological physiology deals with how the physiological properties of an animal influence the distribution and abundance of a species or population. For example, an ecological physiologists study the influence of nutrient distribution in the environment on the growth rate of animal. Ecological physiologists are concern with how an interesting environment affects

### **Learning outcomes for the course:**

## ADD ON COURSES 2021-2022

### **What is a Add on Course?**

Employment scene today requires that a student wanting a job be an all-rounder, with several skills. Pursuing multiple long-winding degree programs is no answer to this. Rather than spending a lifetime seeking higher qualifications, Add on Courses give you the chance to update your skill set in only a fraction of the time and money. But, the value they create is very high.

### **Why should I do a Add on Course?**

Add on Courses are a fine way to fill the gaps in your knowledge and add competitive edge to your job prospects. As systems, programs and practices change, making it critical for job-seekers to have a range of competencies, Add on Courses can help you to be a winner. Starting off with a Add on Course helps you to have a foundation on which to build your career. Many of these courses may lead you on to your own enterprise or to further qualifications, if needed.

### **Who can take admission to a Add on Course?**

You can pursue these courses as per your requirement. Apart from JeevanVikasMahavidyalaya students, even other students from anywhere can register for these courses.

### **How many courses can I do?**

As the basic idea is to make ample opportunities available to students, there are no restrictions on how many courses a student can offer. One can acquire several certifications during the period of a degree program.

### About the Programme

The changes in the economy under the impact of globalization and technological advancement have changed the form and content of education in India. Rapid economic growth has opened up immense opportunities for youngsters to craft a successful career for themselves. But such prospects are no doubt always accompanied by fresh challenges. Unlike in the past, students when they step out of colleges are now expected to not only knowledge but also be already skilled. That is where the need to augment what gets taught in a college becomes important. The demand of employment market, today require that students come industry ready, possess multiple skills- sets. The college and Universities offer degree programs with the purpose of developing the intellectual calibre of individuals. Hence the curricula of these degree courses enrich the students' understanding and mastery of an area of knowledge. But, in the contemporary context, it is equally important for colleges to supplement the curriculum and equip the students to better meet the required levels of performance in the industry. No doubt, such supplementation might also develop their interests and aptitudes.

Today, time has come for our students to not only excel in their degree education but also acquire inter- disciplinary skills. Hence, we have launched Add on Courses.

### Will I get a Job because of Add on Courses?

The purpose of the Add on Courses is to make you industry-ready. Providing the finishing touches to the knowledge you gain in your degree program, Add on Courses will polish your skills and enhance your employability. The College has a Placement Cell to assist you with your placement. You can register with this Cell and receive further guidance and some assistance in seeking jobs. The Cell also facilitates on or off campus interviews.

### How to register for a Course?

The Courses are run by many departments. Each course has a Coordinator whose phone number is prominently displayed in the Brochure. You may contact these coordinators in person or by phone for details. You may visit the College website for more details as well.

### What about the Certification?

Each course has its own assessment pattern. Successful completion of the course earns you Certification issued by the College

**Certificate Course in Communication Skill**

**Introduction**

Communication is as old as the existence of human beings. It plays an essential role in all aspects of our professional and private lives. Most people would claim to be fairly confident and capable communicators. In reality, advanced communication skills are a rare and desirable asset. Becoming a better communicator means taking the time to consider how you are perceived by others. Communication skills are built on a foundation of confidence, self-awareness and positive relationships. Only then is it possible to communicate messages confidently and convincingly. Words are not the only way of getting your message across. Many times you can sense the mood your colleague or friend is in. How do you think you can figure it out? It is because communication involves not just words, but also actions, body language and facial expressions to mention a few. By studying the art of effective communication, you stand every chance of making major improvements to your career prospects and your relationships with other people.

## JEEVAN VIKAS MAHAVIDYALAYA DEVGRAM Tah. Narkhed, Dist. Nagpur

### About the College

The roots of Antyodaya Mission's Jeevan Vikas Mahavidyalaya run deep, which were sown by the philanthropist Dr. Bhausaheb Bhoge, the founder of institution. From the own experiences of educational struggle, Dr. Bhausaheb Bhoge realised that the unavailability of educational facilities and institution in rural area is the stumbling block in the prosperity of the people. This was precisely the driving force of the foundation of Jeevan Vikas Mahavidyalaya. In this region the main stay of the people of this is agriculture. In this situation the college plays vital role to cater the higher educational needs of the Antyodaya (socially and economically vulnerable), downtrodden and the studious students from the surrounding who are not able to migrate to big cities for their higher educational needs. The college is an educational hub that has all modern facilities and subjects which required for all-round development of students. Mahavidyalaya has now grown into a big tree

## ADD ON COURSES 2022-2023

### What is a Add on Course?

Employment scene today requires that a student wanting a job be an all-rounder, with several skills. Pursuing multiple long-winding degree programs is no answer to this. Rather than spending a lifetime seeking higher qualifications, Add on Courses give you the chance to update your skill set in only a fraction of the time and money. But, the value they create is very high.

### Why should I do a Add on Course?

Add on Courses are a fine way to fill the gaps in your knowledge and add competitive edge to your job prospects. As systems, programs and practices change, making it critical for job-seekers to have a range of competencies, **Add on** Courses can help you to be a winner. Starting off with a Add on Course helps you to have a foundation on which to build your career. Many of these courses may lead you on to your own enterprise or to further qualifications, if needed.

### Who can take admission to a Add on Course?

You can pursue these courses as per your requirement. Apart from JeevanVikasMahavidyalaya students, even other students from anywhere can register for these courses.

### How many courses can I do?

As the basic idea is to make ample opportunities available to students, there are no restrictions on how many

### About the Programme

The changes in the economy under the impact of globalization and technological advancement have changed the form and content of education in India. Rapid economic growth has opened up immense opportunities for youngsters to craft a successful career for themselves. But such prospects are no doubt always accompanied by fresh challenges. Unlike in the past, students when they step out of colleges are now expected to not only knowledge but also be already skilled. That is where the need to augment what gets taught in a college becomes important. The demand of employment market, today require that students come industry ready, possess multiple skills- sets. The college and Universities offer degree programs with the purpose of developing the intellectual calibre of individuals. Hence the curricula of these degree courses enrich the students' understanding and mastery of an area of knowledge. But, in the contemporary context, it is equally important for colleges to supplement the curriculum and equip the students to better meet the required levels of performance in the industry. No doubt, such supplementation might also develop their interests and aptitudes.

Today, time has come for our students to not only excel in their degree education but also acquire inter- disciplinary skills. Hence, we have launched Add on Courses.

courses a student can offer. One can acquire several certifications during the period of a degree program.

### Will I get a Job because of Add on Courses?

The purpose of the Add on Courses is to make you industry-ready. Providing the finishing touches to the knowledge you gain in your degree program, Add on Courses will polish your skills and enhance your employability. The College has a Placement Cell to assist you with your placement. You can register with this Cell and receive further guidance and some assistance in seeking jobs. The Cell also facilitates on or off campus interviews.

### How to register for a Course?

The Courses are run by many departments. Each course has a Coordinator whose phone number is prominently displayed in the Brochure. You may contact these coordinators in person or by phone for details. You may visit the College website for more details as well.

### What about the Certification?

Each course has its own assessment pattern. Successful completion of the course earns you Certification issued by the College

### **CERTIFICATE COURSE ON ROLE OF SELF HELP IN VILLAGE DEVELOPMENT**

#### **INTRODUCTION**

Rural development is a very dynamic process that aims to enhance the socioeconomic, political, environmental, and general well-being of the underprivileged residents of rural areas. In India, where more than 68% of the population resides in rural areas, the idea of rural development assumes considerable relevance. Self Help Groups are community volunteer organizations that come together to address issues like poverty, illiteracy, violence, etc. Women coming together for a common cause are a big reason why self-help groups are so well known. These organizations are particularly active in rural communities and actively support rural development. Both registered and unregistered, the government provides financial assistance to these organizations and supports their growth so they can build various industries that would help rural areas thrive. Taking into consideration the role of Self Help Groups in development of rural areas the department of Sociology has started the certificate course on role of self help group in village development.

### **CERTIFICATE COURSE IN MARATHI ON GRAMGEETA**

#### **INTRODUCTION**

Today, new generation is always blamed for going astray. Blame game goes on. Some blame social media while others say that the interest, hobbies and tastes of new generation have changed. Whatever may be the reasons, but it is true that now a days students are not very serious about reading literature. Now question comes, how to tackle this problem? After having deliberated on this issue, the college felt that the students should be taught lessons in value education and ethics. Keeping this objective in mind, it is decided to introduce 'Certificate course in Marathi on gramgeeta' for under graduate students. It is through the curriculum of this examination the college desires to inculcate values amongst the students for developing their personality. We believe that the character of the students can be shaped by teaching them the life lessons and literature of great saints like Sant Tukdoji Maharaj, Sant Gadge Maharaj etc. Since most of the students of our college hail from rural area, we thought it fit to teach them the literature of Sant Tukdoji Maharaj, a great social reformer and a litterateur.

#### **OBJECTIVE**

- To develop an idea of self-reliant village among the students.

## **CERTIFICATE COURSE IN CLUSTER FARMING**

### **CLUSTER FARMING**

Cluster farming is a move aimed at making Indian produce globally competitive and also to boost farmers' income. A horticulture cluster is defined as a regional/geographical concentration of targeted horticulture crops, offering scope for specialization in production, post-harvest management, marketing and exports. With cluster farming, the economy of scale goes up, and with it the input costs become much cheaper, the productivity increases and the farmers can get the best possible prices for their produce. These clusters provide growth and development opportunities to stakeholders. Taking into consideration the importance of cluster farming the department of Botany has started the certificate course in Cluster Farming

### **OBJECTIVES**

- To know the concept of cluster farming
- To understand the Challenges in Cluster farming
- To know the impact of cluster Farming on farmers' life
- To evaluate the Government's Cluster development program

### **SYLLABUS**

# Certificate Course on Understanding Political Concept

## Introduction

THE COURSE 'UNDERSTANDING POLITICAL CONCEPTS' is very useful for students. The aim of the course is to provide students with a solid understanding of key political concepts and their relevance in political theory and practice. The students are prepared to critically analyze and engage with political phenomena, contribute to informed discussions, and apply their understanding of political concepts in various academic and professional contexts. Political science discourse brings us face to face with many important concepts like authority, democracy, right, justice, equality and power. However, all of them are used differently in different contexts, and their specific meaning depends on the theory they relate to. There is no way around such puzzling diversity. Students of political science simply have to accept this challenge. Yet, the diversity of political science concepts can be used as a powerful resource for learning, through intellectual techniques for stirring personal creativity. This Certificate course on 'Understanding Political Concept' teaches conceptual thinking and elementary theory- building, an interactive dictionary for understanding and working with the most central concepts in political science. Its aim is to provide students with fresh critical insights about key political concepts, offering a methodology by which users can unpack and reconstruct them on their own. In this way this certificate course is benedictional for students.

## Objectives

1. Understanding Fundamental Political Concepts: Students should develop a clear understanding of fundamental political concepts such as power, authority, sovereignty, legitimacy, democracy, citizenship, rights, and justice. They should be able to define and explain these concepts and identify their significance in political theory and practice.
2. Critical Evaluation of Political Concepts: Students should develop the ability to critically evaluate political concepts and theories. They should analyze different interpretations and definitions of these concepts, identify their strengths and weaknesses, and assess their relevance and applicability in diverse political contexts.
3. Application of Political Concepts: Students should be able to apply political concepts to analyze and understand real-world political phenomena. They should be able to identify and interpret political concepts in practice, such as analyzing power dynamics in government institutions, examining the exercise of authority in international relations, or assessing the impact of rights and justice in social movements.

## CERTIFICATE COURSE ON VEDIC MATHS

### Introduction

Vedic Mathematics is a super-fast way of calculation whereby you can do supposedly complex calculations. like  $996 \times 998$  in less than five seconds flat. It is highly beneficial for school and college students and students who are appearing for their entrance examinations.

Vedic Mathematics is far more systematic, simplified and unified than the conventional system. It is a mental tool for calculation that encourages the development and use of intuition and innovation, while giving the student a lot of flexibility, fun and satisfaction. It means giving them a competitive edge, a way to optimize their performance and gives them an edge in mathematics and logic that will help them to shine in the classroom and beyond.

Therefore it's direct and easy to implement in schools – a reason behind its enormous popularity among academicians and students. It complements the Mathematics curriculum conventionally taught in schools by acting as a powerful checking tool and goes to save precious time in examinations. The methods & techniques are based on the pioneering work of late Swami Shri. Bharati Krishna Tirthaji, Shankracharya of Puri, who established the system from the study of ancient Vedic texts coupled with a profound insight into the natural process of mathematical reasoning.

There are just 16 Sutras or Word Formulae which solve all known mathematical problems in the branches of Arithmetic, Algebra, Geometry and Calculus. They are easy to understand, easy to apply and easy to remember.

### Objectives

- To enable the learners to explore the power of Vedic Maths.
- To make learners strong in Numerical Maths.
- To enable learners to recognize and understand simple techniques of Arithmetic Calculations.
- To train learners to use the ideas of Vedic Maths in daily calculations and make those calculations with accuracy and speed.

## SYLLABUS

UNIT	DETAILED SYLLABUS
1	History and Evolution of Vedic Mathematics, Introduction of Basic Vedic Mathematics Techniques in Multiplication (Special Case, Series of 9, Series of 1 etc), Tables etc., Comparison of Standard Methods with Vedic Methods.
2	Various techniques to carry out basic operations covering Addition, Subtraction, Multiplication, Division, Complements and Bases, Vinculum number, General multiplication (Vertically Cross-wise).
3	Multiplications by numbers near base, verifying answers by use of digital roots, Divisibility tests, Division of numbers near base, Comparison of fractions.
4	Applications of Vinculum, Different methods of Squares (General method, Base method, Duplex method etc.)
5	Cubes, Cube roots, square roots, General division

## About the College

The roots of Antyoday Mission's Jeevan Vikas Mahavidyalaya run deep, which were sown by the philanthropist Dr. Bhausaheb Bhoge, the founder of institution. From the own experiences of educational struggle, Dr. Bhausaheb Bhoge realised that the unavailability of educational facilities and institution in rural area is the stumbling block in the prosperity of the people. This was precisely the driving force of the foundation of Jeevan Vikas Mahavidyalaya. In this region the main stay of the people of this is agriculture. In this situation the college plays vital role to cater the higher educational needs of the Antyodaya (socially and economically vulnerable), downtrodden and the studious students from the surrounding who are not able to migrate to big cities for their higher educational needs. The college is an educational hub that has all modern facilities and subjects which required for all-round development of students. Mahavidyalaya has now grown into a

## ADD ON COURSES 2023-2024

### What is a Add on Course?

Employment scene today requires that a student wanting a job be an all-rounder, with several skills. Pursuing multiple long-winding degree programs is no answer to this. Rather than spending a lifetime seeking higher qualifications, Add on Courses give you the chance to update your skill set in only a fraction of the time and money. But, the value they create is very high.

### Why should I do a Add on Course?

Value Added Courses are a fine way to fill the gaps in your knowledge and add competitive edge to your job prospects. As systems, programs and practices change, making it critical for job-seekers to have a range of competencies, Value Added Courses can help you to be a winner. Starting off with a Add on Course helps you to have a foundation on which to build your career. Many of these courses may lead you on to your own enterprise or to further qualifications, if needed.

### Who can take admission to a Add on Course?

You can pursue these courses as per your requirement. Apart from JeevanVikasMahavidyalaya students, even other students from anywhere can register for these courses.

## About the Programme

The changes in the economy under the impact of globalization and technological advancement have changed the form and content of education in India. Rapid economic growth has opened up immense opportunities for youngsters to craft a successful career for themselves. But such prospects are no doubt always accompanied by fresh challenges. Unlike in the past, students when they step out of colleges are now expected to not only have knowledge but also be already skilled. That is where the need to augment what gets taught in a college becomes important. The demand of employment market, today requires that students come industry ready, possess multiple skills- sets. The college and Universities offer degree programs with the purpose of developing the intellectual calibre of individuals. Hence the curricula of these degree courses enrich the students' understanding and mastery of an area of knowledge. But, in the contemporary context, it is equally important for colleges to supplement the curriculum and equip the students to better meet the required levels of performance in the industry. No doubt, such supplementation might also develop their interests and aptitudes.

Today, time has come for our students to not only excel in their degree education but also acquire inter- disciplinary skills. Hence, we have launched Add on Courses.

### How many courses can I do?

As the basic idea is to make ample opportunities available to students, there are no restrictions on how many courses a student can offer. One can acquire several certifications during the period of a degree program.

### Will I get a Job because of Add on Courses?

The purpose of the Add on Courses is to make you industry-ready. Providing the finishing touches to the knowledge you gain in your degree program Add on Courses will polish your skills and enhance your employability. The College has a Placement Cell to assist you with your placement. You can register with this Cell and receive further guidance and some assistance in seeking jobs. The Cell also facilitates on or off campus interviews.

### How to register for a Course?

The Courses are run by many departments. Each course has a Coordinator whose phone number is prominently displayed in the Brochure. You may contact these coordinators in person or by phone for details. You may visit the College website for more details as well.

### What about the Certification?

Each course has its own assessment pattern. Successful completion of the course earns you Certification issued by the College

### **CERTIFICATE COURSE IN LEADERSHIP DEVELOPMENT**

#### **Introduction**

Most people believe that leaders are born, not made - that leadership qualities are either inherent in a person, or they are not. And to most, the act of leadership appears to be a fine art of balanced movement, towards any particular goal.

We at JVM, however, concern ourselves with the scientific aspects of Leadership, and see it as a defined science - and strongly believe that with careful practice and mentoring, leadership can be imbibed by anyone. This is the basic premise behind the certificate course in Leadership. It gives students an opportunity to understand what it takes to make a good leader - answering questions such as what leadership styles are suited for what kind of situations, or what character traits are necessary in order to inculcate leadership values. This course is the first step that students can take towards becoming an efficient, effective and experienced leader.

#### **Objectives**

- Acquire an understanding of oneself and build inner stability.
- Describe various leadership styles and how to lead downwards.
- Explain the biases that impact communication and a leader's decision-making capability.
- Explore the art of leading upward and sideways
