**INTERNAL EVALUATION**

**CAP (Career, Academic & Physical) Building Project**

# **CAP (Career, Academic & Physical) Building Project for Students**

5. Extension Services
6. Village Building
7. Alumni Welfare.

For character, academic and physical building of students houses are created which contribute for students' all-round development. In each wing, individual coordinator is appointed who gives motivation to the faculty and students which helps to improve their performance. An evaluation scale has been made for measuring the performance of each wing. After every month, principal of the college takes review of these coordinators and give suggestions from time to time. Through this project regular evaluation of the faculty and students is carried out. Separate data is maintained by these wings related to teachers' action plan, action plan of sport teacher, students' performance, teacher's evaluation, analysis of teachers' evaluation report etc. The principal with the help of project director and coordinators give remedial suggestions whenever required to the concerned teacher and for student's point of view regarding teaching methods. Action plans for teachers are made where focus is given on self-up gradation of the teachers in terms of teaching skills and their routine work. Similarly, these wings prepare Action Plan for students for their overall development.

The details of wings are as follows-

### **1. Career Academy**

This wing works on career building of the students in various fields. The students are selected on the basis of their interest and accordingly they are aligned to the related academy. After

joining the Wing, these students are guided according to their interest & capability and efforts are taken for students' career planning. By considering the need of soft skills for their bright career, students are encouraged to take part in various skill-oriented activities, cultural activities, oratory competitions, drafting, proof-reading, carpentry, police-training; banking and other competitive examinations etc.

The wing of Central Educational Research & Training (CERT) is the third wing of the project formed to improve teaching-learning quality of the institution. The wing works for academics, research and training point of view of the students. More focus is given on continuous evaluation of the students. The concerned In-charge teacher in consultation with the coordinator prepares planning and carries it out throughout the academic session and maintains related records in various formats. The Principal through Project Director frequently monitor their activities. Slow learners and advanced learners are counseled and guided properly to achieve their target. At the end of the session, it is observed that there is a noticeable change in the academic progress of the students and the same is reported to their parents through mentors.

## **4. Beautification & Maintenance**

The aim of this wing is to maintain green, clean and healthy campus. In the beginning of the session, this wing prepares its planning and budget required for the said purpose and then continuously carries activities related to beautification and maintenance. It also cooperates in organizing activities for go-green, ban on plastic, noise and pollution-free campus; checks on dust-bins at important places. Many a times, the students of NSS help in this wing.

## **5. Extension Services**

The objective of this wing is to carry out extension activities for healthy society with the help of students, staff and other stakeholders in the community to disseminate knowledge and technology to the public, particularly in areas such as agriculture, community development, health, and nutrition. These services aim to improve practices, increase productivity, and enhance the quality of life in communities. The wing organizes various extension activities to inculcate among students the sense of social responsibility. These extension activities help to make villagers aware about social problems such as malnutrition, situational disease. This wing

also conducts awareness rally with the participation of students, teachers and villagers. The activities of this wing focus on teaching farmers about new farming techniques, pest control, soil management, and sustainable agriculture practices. The aim of this wing is to work and prepare for healthy and strong community which is the need of the hour. Under this wing, the College has adopted village Devgram, the nearest community under focus and carried out various healthy practices for its overall development with the help of students, staff, parents and gram-panchayat members. For this purpose, we have formed ward-wise eleven 'Seva-mandals. Each seva-mandal is geared-up with one employee who acts as a Coordinator. The Coordinator with the help of all the stakeholders regularly organizes meeting and plan for action to be taken considering the views of senior citizens and gram-panchayat. The aim of the wing is to organize different programs for the alumni so that they can maintain their bond (relation) with college. The reputed alumni who have their names in the various fields come to the college to guide the students and to provide assistance in terms of finance, intellectual resources and directions for better performance in their fields. Many programs are conducted recently in the college.

This practice proved very fruitful to us. The faculty of the college started upgrading their teaching-learning process making use of ICT (PPTs) in class room teaching. Every faculty members purchased his own laptop and prepared PPTs of different topics for upgrading the teaching method. It has positive impact on student performance. Some students of the college secured rank in university merit list. Competitive examinations are cracked by our students. Some students are able to win prizes in competitions organized by college and also university. The students of the college are excelling in various examinations. Number of students securing first class has increased. Most of the students became self-explanatory. Grasping of slow-learner are increased. Students take more interest in teaching –learning process. Maximum number of students is participating in games and sports at district, state, national level. Some students are able to win prizes in sport competitions organized by college and also university. The sports culture seems generating. The campus has also enriched.

**E. Problems Encountered and Resources Required:**

In the beginning, the college had to prepare faculty from this point of view. But their commitment and dedication materialized this work of great importance. Sometimes faculty had to devote extra time apart from regular college timing but the faculty adjusted all these. The extra resources required for this purpose was made available by the college with the help of management. It was possible because of visionary leadership of principal, management's support, committed faculties and inspired students.
